

Consent-based vet care, interactions and training

Linda Ryan

BSc (Hons) Animal Behaviour & Welfare, VTS (Behaviour & Oncology), DipAVN (Medical),
KPA-CTP, RVN, CCAB

Linda is a Veterinary Technician Specialist in Behaviour, and in Oncology, and an ASAB-accredited Certified Clinical Animal Behaviourist (for cats and dogs). Linda has been nursing for >23 years, and - through working with her feline, oncology and critical care patients - she developed a keen interest in behavioural health. Linda now specialises in cat and dog clinical behaviour work and training; and is passionate about integrating behavioural considerations into veterinary care. She runs Inspiring Pet Teaching, seeing feline and canine clinical behaviour cases, working alongside veterinary colleagues, supporting caregivers, and providing continuing education for veterinary and training/behaviour professionals.
